

PROSPECTIVE PRODUCT CONTENT LABEL¹

The residential product is sold in blocks of 100 kilowatt-hours (kWh) and will be made up of the following renewable resources.

Green-e Energy™ Certified New ² Renewables in GreenCurrents		Generation Location
-Biomass	86%	Michigan
-Wind	14%	Michigan
TOTAL	100%	Michigan

1. These figures reflect the renewable energy that we have contracted to provide. Actual figures may vary according to resource availability. We will annually report to you the actual resource mix of the renewable energy you purchased during the preceding year.

2. New Renewables come from generation facilities that first began commercial operation on or after 1/1/97.

3. Eligible hydroelectric facilities are defined in the Green-e Energy™ National Standard (http://www.green-e.org/getcert_re_stan.shtml) and include facilities certified by the Low Impact Hydropower Institute (LIHI) (www.lowimpacthydro.org); facilities that are run-of-the-river hydropower facilities with a total rated nameplate capacity equal to or less than 5 MW; and facilities comprised of a turbine in a pipeline or a turbine in an irrigation canal.

For comparison, Detroit Edison's fuel mix includes: Coal (77.35%), Nuclear (18.62%), Natural Gas (2.34%), Oil (0.24%), Hydroelectric (0.10%) and Renewable Fuels (1.35%).

The average home in the United States uses 900 kWh per month. (Source: U.S. EPA)

For specific information about this electricity product, please contact DTE Energy, 1-866-207-6955, www.greencurrents.com.

Green-e Energy™ certifies that GreenCurrents meets the minimum environmental and consumer protection standards established by the non-profit Center for Resource Solutions. For more information on Green-e Energy™ certification requirements, call 1-888-63-GREEN or log on to www.green-e.org.

Price, Terms and Conditions

GreenCurrents is certified by Green-e Energy™, which requires companies to provide their customers with this notice of Price, Terms and Conditions of service. From the time you receive this, you have three business days to change your mind about purchasing GreenCurrents from DTE Energy. You may cancel your agreement to purchase GreenCurrents from DTE Energy by calling the customer service number or writing to the billing address listed below. For more information about Green-e Energy™, write Green-e Energy™, Presidio Building 97 Arguello Ave., PO Box 29512, San Francisco, CA 94129 or log onto www.green-e.org, or call toll-free 1-888-63-GREEN.

Company:	DTE Energy												
Whom should I contact for more information?	More information about GreenCurrents is available at www.greencurrents.com or by calling 1-866-207-6955												
How will I be billed?	You will receive a monthly bill for GreenCurrents on your monthly electric bill in the amount equal to the participation level you selected.												
How will my bill be calculated?	There are two different enrollment options with GreenCurrents: A) 100% Match based Enrollment – This option will enable you to match 100 percent of your monthly electric consumption for \$.02 per kWh. The monthly cost will be based on the amount of kWh used each month. B) 100 kWh Block Enrollment ___ Total No. of Blocks – This option enables you to choose a participation level that is right for you and your budget. One single block represents 100 kWh of renewable energy for \$2.50 per month. You can purchase up to 10 individual blocks.												
How much will my total electricity service cost, including utility charges?	A) Based on a monthly average usage of 500 kWh, the following table provides you an estimate of your 2011 monthly electricity bill if you receive service from DTE Energy, and the extra monthly cost for the GreenCurrents 100% Match based enrollment. Your actual bill will vary based on your use of electricity.* <table style="margin-left: 40px;"> <tr> <td>2011 Monthly Electricity Cost</td> <td style="text-align: right;">\$53.50</td> </tr> <tr> <td>Green Pricing Premium</td> <td style="text-align: right;">\$10.00</td> </tr> <tr> <td>Total:</td> <td style="text-align: right;">\$63.50</td> </tr> </table> B) For each 100 kWh block the following table provides you an estimate of your 2011 monthly electricity bill if you receive service from DTE Energy, and the extra monthly cost for the GreenCurrents one 100 kWh Block enrollment. Your actual bill will vary based on your use of electricity.* <table style="margin-left: 40px;"> <tr> <td>2011 Monthly Electricity Cost</td> <td style="text-align: right;">\$53.50</td> </tr> <tr> <td>Green Pricing Premium</td> <td style="text-align: right;">\$ 2.50</td> </tr> <tr> <td>Total:</td> <td style="text-align: right;">\$56.00</td> </tr> </table>	2011 Monthly Electricity Cost	\$53.50	Green Pricing Premium	\$10.00	Total:	\$63.50	2011 Monthly Electricity Cost	\$53.50	Green Pricing Premium	\$ 2.50	Total:	\$56.00
2011 Monthly Electricity Cost	\$53.50												
Green Pricing Premium	\$10.00												
Total:	\$63.50												
2011 Monthly Electricity Cost	\$53.50												
Green Pricing Premium	\$ 2.50												
Total:	\$56.00												
Will my rates change over time?	At this time, we do not expect the prices to change. Tariffs are approved at this current rate structure and deviation from this price would require Michigan Public Service Commission approval.												
What sources will be used in my certified product?	86% Michigan Bioenergy 14% Michigan Wind												
If I want to terminate this agreement/ contract, what is the early termination fee?*	None												
What length of agreement/ contract is required?*	Month to month												
What other fees might I be charged?	None												

PROSPECTIVE PRODUCT CONTENT LABEL¹

The residential and commercial product matches 100% of your estimated electricity usage. The product will be made up of the following new renewable resources averaged annually.
