

To: All DTE Shippers and EUT Gas Suppliers
Today's Date: 09/11/2025
Notice Effective Date: 09/12/2025

SUBJECT: Notice of Potentially Constrained Operations

DTE Gas received the details of the pipeline inline inspection and is evaluating the full implications of the report. However, DTE Gas expects necessary remediation work to begin immediately and go through mid-December before pausing work during the heating season. DTE Gas expects to complete any remaining remediation in 2026.

Effective Gas Day 12 - Timely Cycle, until further notice, DTE Gas Operations may be constrained due to pipeline remediation which may impact Storage Injections and EUT Deliveries.

Gas nominated to #9036 DTE GAS COMPANY STORAGE INJ, #9501 IBS (INJ), #9525 BALANCING INJ (DEL), and EUT customers may be restricted.

Gas nominated from all receipt locations, besides #9196 MICHCON - STORAGE WITHDRAWAL/POOL, may be restricted.

DTE Gas will provide another update on October 22, 2025.

We appreciate your assistance and support during these critical operations. DTE Gas requests that customers proactively watch for updated Operational Notices on DTE's eNominator System, Gas Noms Webpage, and direct emails.

If you have any questions, please contact your Account Manager.

For scheduling questions, please contact Gas Nominations at 1-833-383-6667.
