

To: All DTE Shippers and EUT Gas Suppliers
Today's Date: 11/21/2025
Notice Effective Date: 11/21/2025

SUBJECT: UPDATE Notice of Potentially Constrained Operations

Remediation work is still in progress and is expected to continue through the month of December. DTE Gas expects to complete any remaining remediation in 2026 after pausing work for the heating season. In addition, planned maintenance will begin on December 1 going through December 12 and should not create any additional impact for these locations.

Continuing Gas Day 21 - Timely Cycle, until further notice, DTE Gas Operations may be constrained due to pipeline remediation which may impact Storage Injections and EUT Deliveries.

Gas nominated from all receipt locations, besides #9196 MICHCON - STORAGE WITHDRAWAL/POOL, destined for #9036 DTE GAS COMPANY STORAGE INJ, #9501 IBS (INJ), #9525 BALANCING INJ (DEL), and EUT customers may be restricted.

DTE Gas will provide another update upon completion of the maintenance.

We appreciate your assistance and support during these critical operations. DTE Gas requests that customers proactively watch for updated Operational Notices on DTE's eNominator System, Gas Noms Webpage, and direct emails.

If you have any questions, please contact your Account Manager.

For scheduling questions, please contact Gas Nominations at 1-833-383-6667.
