Notice Effective Date: 12/2/2025

**SUBJECT: UPDATE Notice of Potentially Constrained Operations**

Remediation work is still in progress and is expected to continue through the month of December. DTE Gas expects to complete any remaining remediation in 2026 after pausing work for the heating season.

**Due to significantly colder temperatures than forecasted last week, DTE Gas does not expect any nomination reductions for Gas Days 2 through 5.**

DTE Gas will provide another update on Thursday, December 4, 2025 by end of day.

We appreciate your assistance and support during these critical operations. DTE Gas requests that customers proactively watch for updated Operational Notices on DTE's eNominator System, Gas Noms Webpage, and direct emails.
