

To: All DTE Shippers and EUT Gas Suppliers  
Today's Date: 02/02/2026  
Notice Effective Date: 02/03/2026

**SUBJECT: Cold Weather Advisory**  
**Effective 02/3/2026**

Effective Gas Day 3, Timely Cycle DTE Gas is transitioning into a Cold Weather Advisory from an OFO Watch. **End User Transportation Customers are no longer being requested to deliver 97% of their MDQ. Similarly, DTE Gas is lifting its request to avoid #9196 MICHCON - STORAGE WITHDRAWAL/POOL as a receipt.**

Beginning Gas Day 3, Timely Cycle the restrictions on Interruptible Storage Withdrawals and Interruptible balancing withdrawals to zero are lifted.

Based on current cold weather forecasts, DTE Gas is continuing to expect increased pipeline utilization, reduced operational flexibility, and high demand across all market areas.

DTE will continue to monitor system integrity closely and will provide updates as they become available.

We appreciate your assistance and support during these critical operations. DTE Gas requests that customers proactively watch for updated Operational Notices on DTE's eNominator System, Gas Noms Webpage, and direct emails.

If you have any questions, please contact your Account Manager.
