**SUBJECT: DTE Gas Maintenance Schedule**

Attached is DTE Gas' 2026 Maintenance Schedule. Any updates to this schedule will be communicated promptly, and reminder notices will be issued in advance of each project.

Please note that **significant capacity reductions are expected in August, September, and October**. We ask that all end users and midstream storage customers consider these constraints when developing injection season plans.

Alternative Gas Suppliers are encouraged to use primary receipt points to avoid potential penalties.

If you have any questions, please contact your Account Manager.

For scheduling questions, please contact Gas Nominations at 1-833-383-6667.
