

## Wash away energy waste!

### Follow these energy-saving tips

The average American family washes about 300 loads of laundry each year, and that adds up in time and energy. In fact, of any appliance in your home, the clothes dryer uses the most energy. Find rebates and tips to save on each load at [dteenergy.com/saveenergy](http://dteenergy.com/saveenergy)

## Looking for FREE ways to lower your energy bill?

### Take the FREE online energy survey

CHOOSE YOUR WAY

Take our online Home Energy Survey and receive a savings plan to help lower your bill. Plus, you may qualify to receive FREE easy-to-install, energy-saving products.\* Complete the survey at [dteenergy.com/homesurvey](http://dteenergy.com/homesurvey)

\*Energy-saving products are dependent upon DTE Energy program, account type and eligibility.

## Manage your account on the go!

Need to report an outage, make a payment or view your energy usage? Download the FREE DTE Energy mobile app and securely manage your account right from your smartphone. Whether you're at home or on the go, easily access your account information when it's convenient for you. To download the mobile app, visit [dteenergy.com/mobile](https://dteenergy.com/mobile)

## Make every day Earth Day

MIGreenPower is a simple and affordable program that empowers you to support the planet every day. When you match a percentage of your energy use, you're helping accelerate renewable energy development in Michigan. Join today at [mighreenpower.com](https://mighreenpower.com)

## Powering up Pine River Wind Park

Pine River Wind Park, DTE and Michigan's largest wind park to date, is now operational. The 65-turbine park in Gratiot and Isabella counties will power the equivalent of more than 54,000 homes with clean energy and offset nearly 300,000 metric tons of CO<sub>2</sub> annually. That's the greenhouse gas equivalent of taking more than 63,000 cars off the road for a year. Learn more about DTE's commitment to clean energy at [journeyto80.com](https://journeyto80.com)
