

Outdoor Protective Lighting

Affordable lighting to help keep your school safe

DTE Energy aspires to be your single source provider for all outdoor lighting projects. One way we do this is by working with institutions within our communities to help them cultivate safe and well-lit environments. The DTE Community Lighting Team works with schools to achieve their lighting needs through our expertise and solution-based offerings. We have been leading the lighting business for more than 110 years, and our experienced team can help design an effective, budget-conscious lighting solution that will meet your unique needs.

Our energy-efficient products provide superb lighting from dusk until dawn, promoting safety and security on your school's campus and deterring crime. Plus, our products come with preventative and reactive maintenance services, so you don't have to compromise the safety and security of your school over fear of future maintenance costs.

Aesthetically pleasing all-in-one light poles along school sidewalks ensures safe paths into class for a predictable cost. Options range from \$23-\$26 per month*.

Our roadway and area lighting fixtures will create a well-lit entrance and parking lot, keeping your campus safe. The monthly cost ranges between \$26-\$40 per month*.

**Exact pricing varies based on desired wattage and total number of installed lights.*

What are the benefits of purchasing lighting from DTE?

- We'll perform maintenance at no cost to you if your light ever needs servicing.
- Our Outdoor Protective Lighting rates include your electrical consumption as well as service for power outages, mechanical issues, third party damages, scheduled equipment maintenance and more.
- Our large portfolio of energy-efficient lighting products delivers optimal performance while keeping your costs and carbon footprint low.
- Dedicated outage analysts will manage any reported issues with your lights.
- If you qualify for the post charge funding option, there is little to no upfront cost to purchase our lighting.
