**LEARN MORE**

## REBATE DETAILS

- Large appliances include refrigerators and freezers and must be between 10 and 30 cubic feet
- Small appliances include refrigerators and freezers that are less than 10 cubic feet, as well as window air conditioning units and dehumidifiers
- You must have an active DTE Energy residential electric account to participate
- Appliances must be clean and in working condition
- Each DTE residential electric account is limited to recycling four large appliances throughout 2024
- There is a limit of four small appliances per drop-off event for a DTE residential electric account, with participation limited to two drop-off events in 2024

- Small appliances do not have to be accompanied by a large appliance
- Pre-registration is strongly encouraged to participate in the event
- Rebates will be mailed to the DTE account holder for any appliance(s) received on behalf of a customer not attending the event

Please note:

- We cannot accept appliances with cut cords
- We cannot accept Sub-Zero refrigerators and freezers
